An act to add Section 66021.6 to the Education Code, relating to student financial aid.

LEGISLATIVE COUNSEL'S DIGEST

SB 160, as introduced, Cedillo. Student financial aid: institutional financial aid eligibility.

The Donahoe Higher Education Act sets forth, among other things, the missions and functions of California's public and independent segments of higher education, and their respective institutions of higher education. The act applies to the University of California only to the extent that the Regents of the University of California, by appropriate resolution, act to make the act applicable.

Existing law requires that a person, other than a nonimmigrant alien, as defined, who has attended high school in California for 3 or more years, who has graduated from a California high school or attained the equivalent thereof, who has registered at or attends an accredited institution of higher education in California not earlier than the fall semester or quarter of the 2001–02 academic year, and who, if he or she is a person without lawful immigration status, has filed a prescribed affidavit relating to obtaining lawful immigration status, is exempt from paying nonresident tuition at the California Community Colleges and

the California State University. Existing law also requires the waiver of student fees charged by community college districts for students who demonstrate financial need or are otherwise eligible for the waiver. Existing law requires the Board of Governors of the California Community Colleges to allocate, to community college districts for determining financial need and delivering student financial aid services, an amount based on the amount of fees waived.

This bill would amend the Donahoe Higher Education Act to require the Trustees of the California State University and the Board of Governors of the California Community Colleges, and to request the Regents of the University of California, to establish procedures and forms that enable persons who are exempt from paying nonresident tuition under that provision, or who meet equivalent requirements adopted by the regents, to be eligible to receive institutional financial aid awards. The bill would define institutional financial aid as financial assistance offered by a campus of the California Community Colleges, California State University, or University of California, including grant, scholarship, workstudy, and loan programs. The bill would specify that institutional financial aid does not include a specified board of governors fee waiver. The bill would declare that it is a state law within the meaning of a federal statute that permits a state to provide an alien who is not lawfully present in the United States with eligibility for a state or local public benefit only through the enactment of a state law affirmatively providing for that eligibility. The bill would apply to the University of California only if the regents, by appropriate resolution, act to make it applicable.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
